Tasting Notes

You will be smitten with our 2009 Grignolino Rosé from the first refreshing sip! The shimmering coral hue and exuberant floral aroma remind us immediately why so many people love this unique wine. Flavors of sweet strawberry laced with tangy citrus reflect the distinctive character of Grignolino – a varietal that originates in northern Italy.

This is a wonderfully crisp wine with bright acidity – perfect as a picnic companion or as a chilled aperitif during the warm weather days ahead!
